dropped by more than 50%, while deaths in other age groups have almost doubled. Siegler pointed out. Nationally, 770,000 school safety patrols now protect more than 18,000,000 students at street corners and crossings at 33,000 schools.

The patrol delegation will meet in St. Louis on May 9 to board a chartered bus for the trip to the nation's capital city. En route to Washington, the delegation will visit historic Gettysburg, arriving in Washington the afternoon of May 10.

The next day, May 11, the group will meet their local congressmen at a breakfast then tour the Capitol building. After a visit to the Capitol building they will tour the national buildings and points of interest in Washington.

Early Saturday morning, May 12, the group will assemble on Constitution avenue for the patrol parade. More than 30,000 school safety patrol members from all over the United States will march in this parade. The contingent from the Automobile Club of Missouri will be one of the first units in the long line of march.

The patrol parade is one of the largest held annually in Washington, and features drum majorettes, bands, drill teams and safety floats. Each year many top United States officials witness the long procession which takes about six hours to pass the reviewing stand. The delegation from the auto club will wear red helmets and be identified by a large banner in the parade procession.

After the parade, the delegation will board the bus for a trip to the White House and Mount Vernon before returning to St. Louis. During the trip the delegation will be under the supervision of auto club personnel.

The board voted to distribute the rebate pro rata to the participants as a reduction in charges for the coming quarter.

Two new membership applications were approved by the board, a membership for the Bloodwork Real Estate and Insurance Agency to be held by John N. Bloodworth, and a membership for Howard Hilton & Associates to be held by Howard Hilton. The new members were secured by A. H. Froelich and Charles A. Meyer, respectively.

Thirty-four persons attended the monthly dinner meeting, including four guests. The guests were officials of the Wood River Township Chamber of Commerce, Zak Jabuch, president, Edward Underwood, George Nyak and Gilbert Heimkamp.

Reports were given by Harold F. Karandjeff, chairman of the Good Citizenship committee; Sam L. Meyer, chairman of the Congressional Action committee; Henry D. Khrandjeff, Horseshoe Lake State Park Development committee chairman; C. E. Townsend, Industrial Development committee chairman; G. W. Hoelscher, chairman of the Sewerage and Drainage committee; Chester L. Baker, chairman of the Membership committee; and E. G. Schmitt, chairman of the Planning and Zoning committee.

C. of C. Manager Harlan Dobry told board members the annual meeting of the national chamber will be held April 29 to May 2 at Washington, D.C., and said reservations may be made through the local office.

### Nameoki Electors Approve \$65,175 Tax Levy For '63

A tax levy totaling \$65,175 which is \$970 higher than last year, was approved Tuesday night for Nameoki township by about 30 electors and town officials who attended the annual town meeting in the relief office.

The levy, for the March 15, 1962, to March 15, 1963, fiscal year, includes \$36,495 for town purposes, encompassing the increase, and \$28,680 for relief. The new budget also totals \$65,175. Town Auditor William Schreiber was elected moderator, and he was assisted in conducting the meeting by Town Clerk John Karlechik, Atty. Nick Vassileff and Supervisor Harry Briggs.

Electors approved the annual reports of the supervisor and road commissioner, as the session was opened for discussion. Several residents pointed to drainage problems which were referred to Road Commissioner Charles Hanks for investigation. Briggs added that the engineer survey to determine the feasibility of establishing a sanitary sewer system in the township is under way through arrangements with the East Side Levee and Sanitary District, and that the levee board will be called upon for assistance in solving drainage problems, if Hanks determines they share in the responsibility.

Residents of the township expressed concern over added drainage from State Route 111 when it is widened and additional ditches dug to Long Lake. They said the added runoff water in the local creek causes problems in the Pontoon Beach area, especially around Division street.

Briggs said the township is seeking larger outlets under railroad and Route 162 for Lake, and the township is in the process of installing a larger pipe under a road leading from the intersection of Horseshoe Lake. "We also hope to gain permission from property owners for the levee district to go in and widen the ditch," Briggs said.

Another drainage problem involves a ditch at the rear of the town hall building, which drains the Four Corners area. The township was called to farmers running tractors on Lake drive between Routes 162 and 111, throwing mud on the roadway. Commissioner Hanks is to advise the farmers to halt the practice and to clear off the mud. Several residents complimented the commissioner on the conditions of the roads despite the severe winter.

Complaints of dog packs in the township were voiced by Briggs said new state legislation will provide additional funds to the township from the amount of plans and are being made by the board of supervisors to hire temporary employees and county dog catcher Charles McCauley, who also is hired for extra rabies control work in the township. The supervisor said dog complaints should be telephoned to his office.

The annual reports for the 1961-62 fiscal year approved by the electors for posting at the town hall were—road and bridge, \$53,467 receipts (including a \$15,000 tax anticipation warrant) and disbursements of \$53,323, leaving a balance of \$144; general assistance, \$80,000 receipts and disbursements of \$88,006, leaving a balance of \$1,994; and town fund receipts of \$38,483 (including a \$7,000 tax anticipation warrant) and disbursements of \$38,244, leaving a balance of \$239.

Briggs said the need for future tax anticipation warrants for the road and bridge fund should be eliminated during this year, as he explained that the difference in the \$88,006 relief disbursements, compared to the township's \$28,680 budget, is made up of state welfare funds for which the township qualifies with a mill tax rate for relief purposes.

**Budget Breakdown**  
The budget, which was unchanged from last week's public hearing, consists of the following for general assistance: Home relief, \$16,745; hospitalization, \$875; institutional care, \$2100; transient cases, \$100; burial, \$200; administration, \$950, and contingencies, \$250, for a total of \$28,680.

Town fund—compensation of town officers, \$16,925; taxes, \$1200; town hall expenses, \$650; town officers' expenses, \$650; auditing, \$2250; legal fees, \$1000; \$900; legal expense for an injunction suit filed against the tax collector by the East St. Louis & Interurban Water Co., \$1000; contingencies, \$1000, for a total of \$38,483. Supervisor Briggs said the township will join forces with the county and Venice township in the water company's injunction suit and the full \$1000 must not be expended.

In routine business, the electors authorized the supervisor, clerk and attorney to prepare the 1963-64 budget for the next annual town meeting to be held on the first Tuesday of April 1963 at 7:30 p.m.

Annually about 200,000 U. S. Army personnel come back from overseas and are replaced by 200,000 others.

### Many Issues Developing

(Continued from Page 1)

amendment, O'Neill urges defeat of the amendment. Both support a shorter state ballot.

Summaries of issues in other contests follow. All are Democratic except those specifically designated as Republicans.

**Next Sheriff To Reveal Income**  
While some issues have arisen, there is unanimity among the candidates that their income tax returns would be revealed, some type of civil service would be sought, and deputies and there would be cooperation and regular contact with other law enforcement agencies. All but Barney Fraundorf have announced primary election competition, rather than state elections.

Fraundorf cites his 24 years police experience, says he would be an "active, working sheriff," reports plans to improve job records, and says his ability is borne out by grand jury commendations. A former chief 20 years, he has taken many training courses and is a former member of the County Board of Supervisors.

Fred Crawford recalls his service under three sheriffs and a Venice school board president, notes, participating in many raids, says Fraundorf and S. Harold Roberts failed to halt former gambling and vice in Madison street.

Crawford opposes issuance of federal gaming stamps, says he would get \$5 a month plus \$2 a month for food to the Venice police organization and urges expansion of the deputy staff.

A night rider deputy as long ago as 1936, he was a state auto license investigator five years. Opposes Machine Participation

Roberts says he lacked authority to halt Alton conduct, and he has not commented directly on current discussion in the Alton department. He points to extensive police training and experience in an area of large population, police work with juveniles, and pledges "clean government," traffic control, no "charity" licensing, a training program, stepped-up law enforcement in small rural areas in the east part of the county and support for higher deputy pay. Saying "It was a blessing," he calls the Madison-Venice alliance "vicious and monstrous."

William C. Straube (R) cites his experience in public office and in the five-term mayor of Edwardsville. Lester M. Vierling (R) is for "cleaning up the county," preventing late tavern operations and reducing present liquor license fees. He lists 10 years police and deputy experience.

**Judicial Aspirants**  
COUNTY JUDGE—Incumbent Judge Michael Kinney cites his experience and record in the county court and related duties. He is a Democrat, has the support of major party leaders and a wide margin in the Republican and former state representative, has 15 years' experience in general law practice in all courts. He opposes courthouse employee election contributions and believes he is a "full-time job" and believes he would serve with "dignity and integrity."

**PROBATE JUDGE**—Arthur F. Wendler has practiced law 12 years and would regulate attorneys to file verified statements of fees charged probate clerks. He would appoint guardians from townships or cities in which estates are located. He would have morning and afternoon sessions daily and believes employee contributions should be voluntary, with the donors deciding how such funds are used.

George M. Berry, Alton court master-in-chancery five years and a justice of the peace five years, says his is the only county JP office not a burden on county finances. He would hold court from 9 a.m. to 5 p.m. Monday through Friday, opposes employee campaign donations, would name young lawyers as guardians and would resign as JP in time for November election of a successor.

Austin Lewis, public defender, would have morning sessions, bodies and former state attorney, notes his 32-year law practice in this county. He is licensed to practice before the U. S., Illinois and Missouri supreme courts and lower courts.

**County School Superintendent**  
COUNTY SCHOOL SUPERINTENDENT—Incumbent Wilbur P. L. Trimpe has 38 years in school work, cites continued progress in his office, including expansion of psychology, guidance and special education services and many training workshops and conferences. He stresses professional, ethical leadership in the campaign talks, and says it is important to maintain regular contact with school administrators, evaluate each district, and encourage variety in curriculum offerings.

Russell G. Shaver, a grade school principal and former assistant county superintendent, with 25 years' school experience, urges more classroom visits, yearly audit of the teacher certification fund and "practicing what our schools teach" by opposing "corrupting influences" and any political links to schools.

ships and other county school functions.

Shaver lists wide support by teachers and unions and points to his years in the county superintendent's office.

**Party Rivals**  
DEMOCRATIC STATE COMMITTEEMAN—Incumbent Alvin G. Fields, mayor of East St. Louis, says he speaks up for this district, obtaining backing for a state candidate from this area in each election since 1954. Stressing that "I always make my own decisions," he concedes Cook county's power and says his friendship with Chicago leaders is helpful to this area. "If they dominate the party, it's because they have the Democratic votes; outside of St. Clair and Madison counties, few counties give Democratic majorities."

State's Attorney Dick H. Mudge Jr. criticizes "Chicago dictatorship" and "downstate leaders who meekly surrender in return for a few patronage jobs."

He would encourage primary election competition, rather than state elections, saying "whose leadership usually consists of the ability to raise campaign funds from questionable sources." He would not fight "against organized crime and its political partners" and suggest programs of active support for Pres. Kennedy.

Thomas J. Kennedy, a precinct committeeman many terms and member of the levee district board, says he would keep in close contact with the public throughout the district and improve its representation. "I am a defeated Democrat 24 hours a day, 365 days a year," he says in alleging that Fields has political backings from some Republicans.

James R. Hilliges of St. Clair county has not waged an active campaign.

**56-Year Incumbent**  
STATE REPRESENTATIVES—Lloyd "Curly" Harris has 26 years in the office, heads the appropriations committee and is regarded as one of the state's most influential legislators.

Harris led in securing an amendment providing \$25 million for the local university campus, and he opposes further sales tax bonds, wants homestead exemptions, and proposes revision of tax structure by constitutional amendment, reapportionment of legislative districts and improved mental health and public welfare programs.

Robert M. Miller, a county board member nine years, would like to end tax inequities and opposes adding more requirements to meet by county and city governments without providing revenue sources.

Glenn J. Kennedy, former state representative for eight years and on the Alton city council six years, says the legislature itself should remove tax inequities and loopholes. "Then, no sales tax increase will be needed."

Large Losses Funds  
Cassius Skubiah, Granite City alderman and library board member, says he would fight for the county to get a large loss of funds and urban wastes and needs and would fight for the county to get a large loss of funds and urban wastes and needs and would fight for the county to get a large loss of funds and urban wastes and needs.

John E. McConnell Jr., former Wisconsin state legislator and assessor, favors a referendum on tax revision, removal of food and clothing sales taxes, and aged and indigent, higher workman's compensation, an SUI enforcement in the county and state welfare and education expansion.

William D. Johnson suggests no changes in present election laws and their administration and opposes shortening the term of office. "I know the needs of the people of the county," he comments.

Guy M. Lahr Jr., past president of Granite City teachers and vice-president of the American Federation of Teachers, says he has direct knowledge of two major fields, education and labor, and would be guided by the public's views on election law changes and judicial reform.

Donna D. Davis, rural route One, reports conducting wide research and study in the fields of government and economics. He favors restoring "home rule," tax revision and action on automation unemployment.

Ralph T. Smith (R), a state representative for the past eight years and a lifelong resident of Madison county, has practiced law 21 years. He has practiced law for a long time, but does not favor a referendum on a constitutional convention but does not favor a referendum on a constitutional convention but does not favor a referendum on a constitutional convention.

# Warriors Hit 9-Run, Fifth Inning Jackpot; Tounce Wood River 10-2

Surprising Granite City, a young baseball club apparently feeling its oats, will look for another Southwestern conference victory in Alton this afternoon. Joe Federa's club, despite committing seven errors, won its second straight at Wood River Tuesday afternoon, exploding for nine runs with two out in a wild fifth inning to down the 1961 state runner-up Ollers, 10-2.

Trailing 2-0 after Wood River had scored unearned runs in the first and third frames off starter Bill Lierman as the result of errors, the Warriors broke it open with four hits, a pair of hit batters and five free passes in the fifth.

Taylor Triples

The big blow was a pinch hit bases-loaded triple by Al Taylor,

who picked on a 3-2 pitch and sent it over the Oller center-fielder's head.

Granite City grabbed a 5-0 lead as the result of Taylor's timely bat-swinging, picked up run No. 6 on three straight walks which followed, and got two more counters when winning pitcher Terry Kofahl dropped a single to left field.

Lierman pitched creditably, but was the victim of shoddy support in the field. Both runs scored against him were unearned, and he left the game with one out in the third, runners at second and third and a 3-0 count on the batter, Kofahl recorded two straight strikeouts in the fireman's role, and had to work out of trouble on only one other occasion in the sixth frame.

Infield 'Jitters'

"I think we had the jitters," said Federa of the seven miscues by his Warriors, all of which came on the infield. "What it comes down to is that we need more work on a regular infield." Granite City has been taking a good portion of its infield practice on any turf available, since weather conditions have prevented putting its home field at Wilson Park in playable shape.

Wood River, which fought its way into the state high school finals last season, lost most of its pitching staff through graduation, and it hurt the Ollers. Mike Cox, one of three Oller chieftains, was the losing pitcher.

Following today's date in Alton, Granite City will open the home portion of its schedule at 4 p.m. next Monday at Wilson Park against another SWC opponent, Belleville.

# Shells Clip GC In Dual Track Meet

Winning nine of 14 track and field events here Tuesday afternoon, Rosanna pulled to a 60-5/8 to 42-1/8 dual meet victory over Granite City in the first clincher outing of the spring for the Warriors.

Granite City gained a measure of revenge in the junior division, trouncing the Shells 64-26 1/2 and winning 10 of 12 events scheduled.

Terry Titusworth was the only double winner for the Warriors in the senior division, taking first in both the shot put and discus. Ross Rosenthal's squad showed expected strength in the distance events, with Larry Koel winning the mile and Larry Whitsett and Ed Strouse finishing 2-3 in the 880. Ron Woodside won the broad jump, and that was the extent of first-place performances by GCIS in a meet which produced few good times or distances.

In the junior division, Granite City had a pair of double winners in Joe Nemeth, who won the 100-yard dash and the 220, and Ron Selph, who was the best performer with both weights.

A relatively strong Edwardsville track squad will challenge the Warriors here tomorrow at 4 p.m.

Senior division winners: 100—Sparkes (R), 10.9; 220—Sparkes (R), 24.4; 440—Curry (R), 56.8; 880—Clark (R), 2:16; mile—Larry Koel (GC), 5:10.7; 880 relay—Rosanna, 13:01.1 mile relay—Granite City (L), 4:17.1; 120 low hurdles—Welch (R), 15.6; broad jump—Ron Woodside (GC), 16.4; high jump—Marmino (R), 5-1; pole vault—Gay (R) and Welch (R), tie, 10-0.

Granite City's sophomore baseball club rode a first-inning grand slam home run by Russ Peters and the shutout hurling of Pat Harris and Larry Reder to a 14-0 season opening victory in Wood River Tuesday.

Harris went the first five innings and was the winner. The Oller sophs managed one hit of Harris and one off Reder. Don "Duke" Brumleve's club has eight hits.

The GCIS sophs were scheduled to play Alton here today and will meet Belleville Tuesday afternoon.

# Madison Hosts Waterloo; Has 3 Lettermen

With only three returning lettermen to form a nucleus, Madison high school will open its 1962 track season at home tomorrow by hosting Waterloo's Bulldogs at 4 p.m.

Coach Glen Pickering has a promising distance runner in junior George Russell. Walt Cooper, another junior, will be relied on heavily in the dashes and broad jump, and Paul Czerwik, the third letter winner, will perform in the quarter-mile and run a leg in both relay events.

Other Trojan track aspirants are, for the most part, untried. Pickering said Wesley Griggs probably will handle the high jump chores this spring. Russell is expected to double up in the half-mile and also run a leg on the mile relay foursome.

The Trojans lost 440 and mile relay stunts Ed Walker through graduation and Ken Griggs, who showed strength in the dashes last year, is not on the squad this season.

## Sullivan Looks Ahead, Schmitt Back During GC Spring Athletic Banquet

"I could change places with Sullivan said, giving a hint of the stiff competition for the first Granite City high school wrestling coach Bill 'Red' Schmitt, Schmitt, taking his turn at the speakers' podium during Tuesday night's GCHS spring athletic banquet at the high school cafeteria, was directing those remarks toward GCHS basketball Coach Andy Sullivan, who had preceded Schmitt at the microphone to offer remarks on Granite City's 3-21 record this past season and also do a bit of prognosticating as to the cage outlook for 1962-63.

Sullivan, who will have 10 returning lettermen on that squad, could afford to adopt a "wait 'til next year" outlook, while Schmitt, whose wrestling team grabbed about every honor around during its slimmer pickings, loses nine seniors, the bulk of his conference, district and sectional champions. He predicted somewhat slimmer pickings come next winter.

**Sympathy Card** "Smitty" a sympathy card concerning his "loss," and the highly successful wrestling coach who wrestled the high school wrestlers—deservedly.

He also had words of praise for the team. "I stand here with mixed emotions—pride in what we have done, and in the wrestling team I've coached, but which is the best group of boys I've ever worked with," Schmitt said.

He loses seniors Roger Bloodworth, Buddy Foltz, Sam Fazio, Edillon Poole, Bob Cruise, Charles Haug, Bob Kary, Don Pindell and Gary Pines. The graduation, a contingent which accounted for five trophies and 18 gold medals, did not help GCHS fashion a 20-1 dual meet record and to finish eighth in the state tournament.

Returning lettermen will include Charles MacMillan, Larry Reynolds, Danny King and Paul Lapinski, who will form the nucleus of a squad scheduled to face state champion Reavis of Oak Lawn and Waukegan, the only team to defeat the Warriors on the dual meet level, among others.

**Warning: Practice** Sullivan, who will have three juniors and seven seniors with experience back next year, mixed one serious point among some tongue-in-cheek banter about the last campaign.

"If your son or the neighbor boy you like so well is among those 10 boys who'll be back next year, you don't see him out practicing everyday this summer, chances are he won't be starting for us next fall."

## Flyers Beat Madison 7-4 In Opener

Outfit 11-9 by Madison, East St. Louis high school proved the importance of bunting safeties on a muddy field at Jones Park in East St. Louis yesterday afternoon in dealing the Trojan base-batters a 7-4 setback.

"Everybody in the lineup had at least one hit, but errors and poor baserunning hurt us," said Madison Coach Earl McClanahan, whose club was playing its first game of the spring season.

Madison had a Monday afternoon date with Dupu, but the game was postponed due to wet grounds at MHS, and will be rescheduled if it could have a bearing on the Midwestern conference standings.

Yesterday at Jones Park, both clubs scored once in the first inning, and the Flyers took a 2-1 lead in the third. Madison tied it in the fourth before East St. Louis parlayed a muddled fly ball triple and a single into two runs in the home half of the same inning.

Tied At 4-4

The Trojans came back to tie the two runs of their own in the sixth before East St. Louis led the game with three more tallies in the bottom half of the inning. Madison threatened in the seventh, getting three base-runners aboard, but all failed to score.

Tal Fisk, Gary Skinner and Sam Dymas each had two hits for Madison, both of them being doubles. Tom Lubak also collected a two-bagger for the Trojans, scheduled to play a MVC game in Roxana at 4 p.m. today.

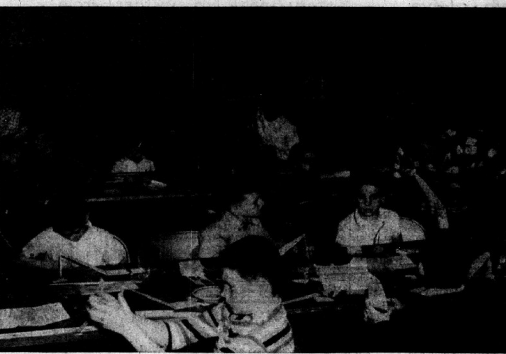

Mick Gravett went all the way on the mound, pitching eight bases on balls. Winning pitcher Rich Powell was touched for 11 hits but walked only one.

## Univah Archers' 'Safari' Shoot Scheduled May 20

Registered and unregistered archers from the Quad-Cities are being invited to participate in the Univah Field Archery club's annual "Safari" tournament, which will be held Sunday, May 20, at the club's field range on State Route 112 near Edwardsville.

Archers who are registered with the Illinois Archers Association or the National Field Archery Association need not qualify for the event, while unclassified archers are required to shoot three qualifying rounds at the club range before May 20. Targets in the "walk through" competition course are painted likenesses of African big game animals. Archers will shoot in individual proficiency classifications in both men's and women's divisions, and trophies will be awarded.

Among competitors expected and the field shoot are Don Kiel of Granite City, the 1961 Illinois state instinctive champion, and Charles Bladick, last year's intermediate men's champion.

**SANDING AND SHAPING** components of models they are building under supervision of Sky Stealers during Saturday morning sessions of the YMCA are 21 boys between the ages of nine and 13 who are enrolled in basic model airplane building course. Boys do their own work, but get advisory help from adult members of the local model airplane club. Course is provided free of charge, with materials bought from funds set aside by Twilight Optimist club.

## Aims of Model Building Course: To Teach Boys Patience And Dexterity

About 25 youngsters between the ages of nine and 13 are getting the opportunity to develop a real interest in modeling because of the efforts of the Tri-City Sky Stealers model airplane club and the Granite City Twilight Optimist club.

The boys are registered in a basic building course which conducts weekly sessions at the YMCA every Saturday morning. There they get instruction from Sky Stealers members and get the opportunity to put together their own flying models.

In this instance, the model is a simple, hand-launched glider. Before the 12-week course is completed, the boys will be working with more complicated modeling. Next step is the construction of a rubber-powered model. Further steps become a bit more difficult.

Patience, Skill

The course is aimed at helping

the youngsters learn the importance of patience and developing the use of their hands. They also learn the nomenclature of aircraft parts and why models do—or do not—fly.

Six separate models, one for each boy, or a total of 150, are scheduled to be built before the course ends in June.

Boys who stick with the project are likely to find they have developed a real interest in modeling, and will receive a lot of tools and knives they have worked with as a sort of graduation reward—plus the models of course, which are theirs to keep and fly.

Tools and materials are made available with funds set aside by the Optimist club. Sky Stealers members furnished the time and building know-how. The program is offered at no cost to the youngsters.

## Jaycees Host State Pin Meet Sunday

Seventy-two teams have registered in advance of the Granite City Jaycees' state bowling tournament. Registration Chairman Paul Zeigler said today. The one-day tourney will be held Sunday at Big Top Bowl, 3700 N. Main.

Twenty-five trophies will be presented at the end of the tournament, which will begin at 8 a.m. The first-place team award stands over four feet tall, and members of the winning team will receive new bowling balls, bags and shoes.

Also planned as a tourney feature, general chairman Bob Swiatek said, is an exhibition match game between Tom Hennessy, professional bowler from Granite City, and Roland Derry, a member of the Jaycee team from Calhoun.

The local chapter expects to host from 500 to 1000 members of Jaycee chapters from across the state during the tournament. Swiatek said he expects competition to extend over a 12-hour period.

## Committee For Secretary Week Here Is Named

Miss Dorothy Painter will serve as chairman of the 1962 Secretaries Week for the Tri-Cities Chapter of the National Secretaries Association (International), according to an announcement today by Ellen Davison, chapter president.

"Secretaries' Week" will be observed nationally April 22 through April 28 this year, with Wednesday, April 25, set aside as "secretaries' day."

Serving on the "secretaries' week" committee with Miss Painter will be Jeanette Triand of General Steel Industries and Jean Hileman of Kisco Roller and Engineering Co.

"Secretaries' Week" is cosponsored by the National Secretaries Association, which has 20,000 members and 520 chapters throughout the world, and by Business Equipment Manufacturers Association, with 50 member companies, the association for the office equipment industry.

This will mark the eleventh observance of the "week," which was instituted in 1951.

In a joint statement made to all local NSA chapters, Ruth Gallant, International president, NESA, said of "Secretaries' Week": "The secretarial profession has come a long way in the 60 years since it first gained recognition through efforts of the YWCA to help young women learn and earn profitable employment."

"These young 'typewriters,' as they were then called, are a far cry from the versatile, professional secretary of today with her sound business knowledge and her skills in human relationships as well as in taking and transcribing dictation."

"We would like to call special attention of the business leaders to the profession which elevates their jobs effective and possible. Even in an era where automation is changing the composition of almost every business office, machines can never replace satisfactorily the talents and abilities of the secretary who is, in effect, a member of her boss's administrative team."

## Senate Foes Here, Mud Guard Issue Reviewed

The state senate campaign moved into the Quad-Cities this week, with Mrs. Grand Bagg of Granite City, state of Candidate Patrick O'Neill, holding a "coffee" for 50 local women yesterday at the Rose Bowl, and State Rep. Paul Simon, also seeking the Democratic senate nomination, addressing a breakfast meeting today at the Grand Cafe.

Prober Judge O'Neill spoke briefly at the informal gathering, at which male guests included State Rep. Lloyd Harris, Mayor Leonard Davis and Police Chief Raymond Willard.

Simon asked support of local residents and, in answering a question from the audience, recalled his unsuccessful fight against passage of a 1955 state law requiring new specifications for truck wheel mud guards.

The bill was held unconstitutional by the U. S. supreme court because only one firm had submitted a patent required at the time, Simon said. He listed his opponent, O'Neill, as president of the company, Contour Truck Guards, Inc.

The law was fought bitterly by truck lines, which nevertheless had to buy the guards at \$30 the price dropped to \$20 when other companies began production, Simon asserted.

## \$183,630 Venice Township Budget, Levy of \$75.820

A gathering of 22 Venice township electors Tuesday adopted a \$183,630 budget for 1962-63, down \$23,985 from a year ago, and approved a 1962 tax levy of \$75.820, up \$1147, and set up regulations governing junk yards in unincorporated areas of the township.

The budget consists of \$143,620 for general assistance, down \$10,200; \$34,695 for the town fund, down \$165; and \$501 for the retirement fund, up \$310. Net change from the tentative plan was a decrease of \$45; \$1000 was added for legal staff travel and expenses, but a \$1045 item for interest on tax warrants was eliminated.

The new levy lists \$72,800 for general assistance, down \$28; \$220 for municipal retirement, up \$1175; and none for the town fund, same as a year ago.

The ordinance will apply to any new junk yards within 10 days of publication, and existing yards after 30 days. The new license will be \$150, and penalty for each day's violation will be \$200.

Types of practices that are to be allowed are listed, along with the percentage of adjacent property owners who would have to give permission. Included under its provisions are wrecked autos, other scrap metals, rags and miscellaneous articles.

Annual reports were approved, and anticipated receipts in the coming year, including fund balances, were listed as \$116,190 for general assistance, leaving a potential \$27,800 deficit; \$25,902 for the town fund, leaving a potential \$8802 deficit; and \$501 for the retirement fund, leaving a possible \$200 deficit.

## Plan County Referendum

### To Solve Tax Woes

A public referendum to allow Madison county to levy taxes for general operating costs within the statutory limit may be in the offing.

At a meeting in Edwardsville of the board of supervisors finance committee Wednesday, County Auditor John L. Kravitz and Board of Supervisors Chairman Gus Haller told the committee that the county faces a deficit of \$200,000 in the general fund by the end of the current fiscal year.

The committee agreed that a referendum appears to be the only feasible solution to the county's financial problems. Last May, a state Supreme court decision upheld the rate limit restrictions of the Butler-Hodge legislation. Thus the county operating tax rate is held to 5.7 cents per \$100 property assessment for the 1961 tax year, on which taxes are payable this spring. For the prior tax year the general fund rate was 10 cents.

## Sternberg Granted Contract Extension

East Side Levee & Sanitary District trustees last night granted a 30-day extension in the contract awarded to G. H. Sternberg & Co. for replacement of the Terrace lane sanitary trunk sewer line.

The project was to have been completed by tomorrow, but adverse weather conditions have limited work, it was pointed out. The deadline for completion was extended to May 15.

Following a brief meeting at its East St. Louis offices, the levee board passed until 7:30 p.m. Thursday, April 12, at which time bids for three construction projects in the East St. Louis area included in a \$1,835,000 bond issue are to be opened and contracts let.

Levee Board President Lawrence Toland said the district expects to have on deposit by that time sufficient funds from the sale of the bonds to cover the costs of the three projects.

The trustees approved for payment March salaries totaling \$26,651, granted the Illinois Power Co. right-of-way for a gas pipeline across Terminal avenue in East St. Louis, and agreed to lease a portion of levee district property to the Cahokia Rifle & Pistol club for use as a target range, provided the group has valid liability insurance.

Trustees present were Toland, John E. Molla and Thomas "Skip" Hennessy. Absent were Dan Costello and George Duff.

## Auto Hits Excavation

Minor injuries were suffered by Teresa Rhodes, 27, of 1541 Third street, Madison, at 10:50 p.m. Monday when the auto in which she was a passenger struck an excavation on Madison avenue at Seventh street.

The driver, Margaret Papp, 22, of 2155 State street, who listed front end damage to her car said she followed the path of another auto, also northbound, which successfully crossed the excavation after striking a barricade set up by the Illinois Power Co. gas division. She did not see the excavation in time due to the vehicle in front of her, she related. Her car was towed from the scene.

The first car, operated by Everett W. Fisher, 27, of 422 Lincoln avenue, Venice, also was damaged about the front. He reported veering to the right to avoid a southbound auto.

Lee Rollins, 18, of 3124 Willow avenue, was treated at St. Elizabeth Hospital Tuesday night for a cut to his lower lip, suffered when the auto he was driving south in the 3100 block of Ash avenue crashed into a parked car. He was issued an arrest ticket for driving in the wrong lane.

### Flexibility Emphasized In Planning University

Flexibility and convertibility will keynote classroom buildings on the new Northwestern University of Southern Illinois University, Granite City. The buildings will be designed to be mechanically equipped so that they can be used for not only a variety of courses of instruction, the architect explained. He stressed the importance of county zoning to the appearance of fringe areas of the campus.

Most phases of the \$25 million bond issue program, plus a \$450,000 university center financed by a loan from the U.S. Housing and Home Finance Agency, are scheduled for occupancy by September 1964, Randall said. Included are five other major groupings of buildings—general offices-services, library, communications, science laboratories and classrooms-faculty offices.

Also scheduled are a heating and refrigeration plant, sewage treatment facilities, the letter building, grading, will be awarded this year and the remainder in 1963, Randall said. Drawings of buildings and road and parking plans were shown, and members' questions were answered. William Theobald was program chairman.

A \$20,000 lawsuit against the city of Granite City was filed today with Circuit Clerk William Portell at Edwardsville, by Mrs. Nellie M. Ezell, 2317 East 23rd street, who states she suffered permanent injuries in a sidewalk fall on the afternoon of last Aug. 7.

We asked all the right questions about what the younger set wanted for Spring, and we know we have the right answers. The slim, natural shoulder single breasted suits have slim cut pleated trousers. The double breasted coats have the narrow notched lapels, buttoned style flap pockets, their trousers have extension waistbands, side tabs, no belt loops.

### Large Number To Take Social Security Job Test

Response to the Federal Service Entrance Examination which will be held Saturday at the Alton and East St. Louis centers of Southern Illinois University has been high, according to David Van Horn, supervisor of placement service.

The university's placement service is cooperating with local Social Security offices to assist in finding candidates for some 150 vacancies for claims representatives within the Social Security Administration in Illinois, Indiana and Wisconsin which will need to be filled by June 14. Testing will begin at 8 a.m. and will last about four hours. Persons tested will be informed of their eligibility in the early afternoon.

Since testing space is limited, Van Horn urged persons interested in additional information to telephone Edwardsville 686-3870 and ask for placement service.

"ACE SETS THE PACE" — QUALITY AT LOWER PRICES  
OPEN MONDAY AND FRIDAY NITES 'TIL 8:30 p.m.

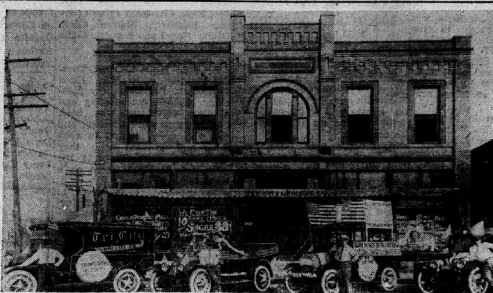

We Reserve the Right to Limit

Our first store, still operating, as it looked on a summer holiday in 1914.

## It's Our 48th Birthday

1914, when our first store was opened (remodeled many times, still operating) was surely not a dull year . . . World War I started in Europe, Henry Ford set a new standard for wages, the \$5 for 8 hours, W. C. Handy wrote "St. Louis Blues," Theodore Roosevelt was on a Brazil jungle trip and lots of other things were happening. We've been through two world wars, two major depressions . . . we've battled the "stamps" with very low everyday prices . . . (which our customers enjoy), we've had skirmishes with discount houses, and other retailers. We've seen several "revolutions" in food stores take place in 48 years . . . probably none so dramatic as the change from cracker barrels and pickle kegs to having you reach in our frozen food cases for ready-to-serve dinners!

# Special Chouteau Levy For Highway Equipment

Noting state passage of an enabling act in 1961, 11 Chouteau township residents voted at their annual town meeting in Mitchell Tuesday to levy a tax rate of three and a half cents to acquire and maintain road building and maintenance equipment. Also approved were budgets of \$30,000 for general assistance and \$19,000 for the town fund.

Highway Commissioner Paul Potter noted that equipment and all road supplies were lost in a fire that destroyed the township's storage barn March 9, 1961. The 1961-62 year's expenditures of \$23,700 included 13 months due to changing the start of the fiscal year from March 1 to April 1.

# Roberts Attacks Record, Campaign of Fraud

S. Harold Roberts today attacked the record of one of his opponents for sheriff in Tuesday's Democratic primary, accusing Madison Police Chief Harry Fraundorf of "hiding from the people and refusing to expose his record. He has declined invitations to appear before various groups in pre-election meetings."

Roberts said Fraundorf is the "Madison-Venture machine" candidate and cited three past occurrences: Fraundorf was one of the area police chiefs asked to attend a Kefauver crime committee hearing in 1951 but was not called upon to testify; he was reprimanded by a federal judge in Springfield in 1946 for not confabulating a coin-operated "jackpot Charlie" machine; and he waived immunity on a misfeasance charge by James Monroe area in 1951. A "no true" bill was returned by the grand jury on Monroe's charge; Fraundorf was in Springfield court on a counterfeiting case in which he testified as the arresting officer.

Roberts said in his letter to area newspapers that he is "sick and ashamed of having Madison county referred to as the home and execution ground of gangsters. The sheriff should be a man who has attained a position of responsibility in law enforcement by his ability and not through political activity."

Drainage tile for storm sewers and for sanitary sewers is being installed at the site of a 100-apartment elderly housing project, a report showed at the Granite City Housing Authority's monthly meeting Tuesday night.

Adverse weather has prevented work from beginning on the 19 buildings. It was noted, it was decided to seek propane gas bids for the May 1 meeting.

Upon reading the letter the mayor added his personal commendation that "he is destined for bigger things."

The letter was signed by the mayor, city clerk, treasurer, police magistrate and the 10 aldermen.

Bills approved for payment included \$637 to the General Electric Co. for a transistor "walkie-talkie" radio communications set to be used by Madison police officers.

**15 years ago, this car was nothing to brag about.**

The early VW had its problems. It was noisy. Shifting was tough. And it wasn't exactly a powerhouse. But, its shape was functional. The rear engine made for outstanding traction. It was air-cooled. (No boiling over or freezing.) That old VW may have made a racket, but it also made every new idea work.

And so, the VW people invested 15 years of time and effort into perfecting the one basic model. Result: Engine noise is practically gone. The VW gearshift is one of the smoothest in the world. And you can even accelerate uphill.

Over 3,000 changes have been made on the VW so far. (28 this year alone.)

And all to make it work better. The VW may still not be perfect. But it's a good 15 years better than the first one.

**Double 'Deduct' Boosts GC Police Car Cost**

Granite City council members voted 11-to-4 approval of an added payment of \$995 for five new police patrol cars Monday night when it was noted the auto agency accidentally had deducted twice the \$995 federal excise tax, which the city is not required to pay.

The five cars, one of which has been delivered, will cost \$3998 instead of the original bid of \$4983. Other bids were \$6333 and \$6334 for the five cars, and council members decided to recognize the error and continue the contract with Matthews Chevrolet Co.

It was explained the salesman was in the hospital at the time of the bidding and in figuring the bid deducted the federal excise tax, which was deducted a second time when the proposal was typed at the firm's office.

**\$335,426 New Building In GC During March**

Building permits totaling \$335,426 were issued by City Building Inspector Earl Bloomquist last week, bringing the total for March to \$335,426. Included in the figures were permits for five new homes to be built at a combined cost of \$100,375.

Four of the permits for houses were issued to building contractors, two to Carl Mercer & Sons, and two to P. F. Jellen of Edwardsville. The other went to Charles Ready, 2717 14th St., for a \$9000 dwelling at 2734 Sunset drive.

Jellen plans to build two brick veneer homes in Holiday Gardens, one at 33 Del Rio drive and another at 133 Del Rio drive. To cost \$20,500 each, the homes will contain five rooms, two baths and have attached carports.

Permits were issued to the Mercers firm for two \$14,000 dwellings at 2824 and 2826 Sunset drive. Both houses are to be frame and will have five rooms and a bath.

To Air Condition Church Also included was a permit to install a 21-ton air conditioning unit in the First Church of Christ Scientist at 2360 Delmar avenue. Cost was listed at \$9000.

The greatest number of permits in the final week were for general home improvements and repairs, with 11 issued for that type of work. Only one was granted for repair on a commercial building—pointing out the Holy Seals Law Office building at 2200 Illinois avenue at a cost of \$975.

Mary Bennett was granted a permit for pointing at 2030 Edison avenue; Florence Overbeck of Edwardsville received a \$1300 permit for installation of new bathroom fixtures in a four-family flat at 1919-21 Benson street and Marvin Tedford was given a permit for installation of siding at 2328 Iowa street at a cost of \$500.

Other permits were for Norman Moorhead, 2209 Washington avenue, \$1000 for general repairs; Tom McCabe, 1720 Edison avenue, \$500 for repairs to two porches; Elizabeth Filice, 4108 East 20th street, \$100 for garage repairs; and \$2500 to David Julius for addition of two rooms and a bath at 1309 Curt street.

For Addition George Fuchs, 2124 Lindell blvd., got a \$1000 permit for a one-room addition; Otto Wikum, 2836 Denver street, a \$150 permit for construction of a front porch; Loy Stokes, 2619 Denver street, \$1200 for installation of plumbing; and Emmett Patterson, 2629 East 22nd street, \$200 for erection of a storage shed.

**THE CHARGE:**

"Simon is an Independent, not a Democrat. He frequently does not support the programs of Governor Kerner and other Democratic leaders." (Speech at Godfrey, Feb. 9, 1962)

**THE FACTS:**

"It is true," Simon states, "that I do not always follow the party line 100 per cent. If the people want a puppet who jumps when someone pulls a string, then I'm not their man. I am a Democrat—and proud of it. Loyalty to the party means loyalty to the principles of the party, not loyalty to what any one or two men say. If the Democrats sponsor a bad bill I think I should vote against it and if the Republicans sponsor a good bill, I think I should vote for it. In most matters I find myself in agreement with the Democratic party leadership, but I confess I am not a blind partisan. My party happens to oppose a Crime Commission to investigate the alliance between crime and politics. I am for it. As for the Hodge appropriation, it came up in 1955—with a tremendous increase for the State Auditor—they carried they Senate unanimously and carried the House 129-2 and 127-2. I was one of the two voting against them. I went against my party leadership in doing so. Did I do wrong? When the 50 per cent increase in the sales tax was passed the same day the tax on Cahokia Downs and Fairmount was reduced by one-third, I opposed the sales tax increase and also opposed the give-away to the race tracks. In both of these matters, I went against strong party pressures. Did I do wrong? I cannot believe that the people of this district or the state want a State Senator who blindly follows what a party leader says, whether he is right or wrong?"

**THE CHARGE:**

"Simon opposed bringing Southern Illinois University to the Edwardsville campus." (Edwardsville, January 29, 1962)

**THE FACTS:**

"I am pleased to state that I was among those responsible for bringing Southern Illinois University to this area. I fully cooperated with this move. What my opponent uses to back up this charge is my vote against the 1960 bond issues. I opposed this METHOD of financing. I did not question the need for the expenditure. I believed then—and facts since have shown me to be correct—that this bond issue would result in a needless expenditure of about \$185 million in interest and would simply postpone our state financial crisis, not solve it. The consequences face the reality of our revenue structure, the better off our educational and welfare institutions will be. The insinuation in the charge is that I have little interest in education. As a matter of fact I have sponsored much education legislation, have served for the last two terms as vice chairman of the Education Committee, and have the endorsement of every major educational group which makes endorsements."

**THE CHARGE:**

"Simon has consistently voted against appropriations for our own George Wilkins." (Edwardsville January 29, 1962)

**THE FACTS:**

"The charge is not true. What is true—and apparently what he has reference to—is that I have voted for some cuts in Wilkins' appropriations. This is no reflection on the job Wilkins has done—a far better job than his predecessor did. George Wilkins must submit a budget for running his office and the needs there as he sees them. The job of the legislature is to look at the total picture and put the pieces together. I was a member of a small group—called the 'economy bloc'—which tried to reduce expenses where we felt they could be sensibly reduced. In the process I voted to cut some appropriations for Democrats as well as Republicans. For some reason a few political leaders in this area think the function of a Democrat is to cut the fat from Republican budgets, but not the Democratic budgets. I suggest this is not being a Democrat, but a demagogue. I shall continue to vote cuts in appropriations—for Republicans and Democrats—whenever I believe an expenditure is unnecessary."

"Simon has done nothing for the Democratic organization in his eight years in office." (White Hall, February 16, 1962)

**THE FACTS:**

"I have not conceived of my job as primarily being a gear in the Democratic machine, but I have cooperated with the Democratic organization as fully as I could in good conscience. I have not hesitated to speak in this district or anywhere in the state in behalf of worthy Democratic candidates. When John Kennedy was seeking the presidency, the talk I made against religious bigotry to a group of Lutheran ministers in Wisconsin became the most widely published piece on the religious issue during the campaign, reprinted in several Protestant and Catholic magazines. I made many speeches for Kennedy, was in debates in his behalf, and cooperated fully with the county, state and national Democratic organization. This is but one of the many examples I could cite. At the same time I confess I am not a puppet for the county Democratic organization, whose leaders have not always stood for better government."

**THE CHARGE:**

"By voting against the sales tax increase, Simon opposed adequate financing for our schools." (St. Jacob, February 13, 1962)

**THE FACTS:**

"I have always opposed the sales tax increases. They impose an unfair burden on low income groups and on business in border areas, such as ours. While we are tied with two other states for the highest sales tax in the nation, we have the lowest taxes in some other areas. These I felt should be raised before we raise the tax on a loaf of bread and the necessities of life."

**THE CHARGE:**

"Simon is opposed to basketball in our schools." Collinsville, March 5, 1962)

**THE FACTS:**

"I am not opposed to basketball in our schools. I believe athletic programs are an important part of our curriculum. However, I have pointed out that the main emphasis in our schools must be the more traditional learning areas and we must not let some of the more dramatic elements of our educational program throw us out of balance."

**THE CHARGE:**

"If you agree with Paul Simon on most of these matters, then make sure you go to the polls on April 10, ask for a Democratic ballot, and vote for Paul Simon for State Senator."

**Dear Democratic Voter:**

I am one of three Democratic candidates for the office of Probate Judge at next Tuesday's primary election. One of my opponents resides and practices law in Alton, the other at Edwardsville. I have been a lifetime resident of the Tri-City area and have practiced law in Granite City for the past thirty-one years.

I am honored by having been the only candidate for the office of Probate Judge that has been endorsed by the AFL-CIO District Committee on Political Education and by the Tri-City Trades and Labor Council.

I believe that I have the experience, ability and training necessary to perform the duties of the office of Probate Judge in a manner that will best serve the interests of the citizens of Madison County. If you have any doubts on this matter please call your own lawyer and ask him his opinion.

The Tri-City area deserves representation on the bench at the County Courthouse. Three of the present Judges are from Alton, one from Wood River and the other from Collinsville. This representation will be insured if you and the members of your family cast your vote for me. I assure you that you have my deepest thanks and appreciation for doing so.

Sincerely yours,  
 Austin Lewis

**THURSDAY, APRIL 8, 1937**  
 Marshall J. Kirkpatrick was returned to office as mayor of Granite City in Tuesday's election by a majority of 1224 over his opponent, R. E. Robertson, according to the complete but unofficial returns furnished by this newspaper. He carried 11 of the 12 precincts, losing No. 7 by a slight margin, and polled a total of 4625 votes against 2941 for Robertson.

Others elected were Edwin Rign, incumbent, city clerk; R. H. Thompson, city treasurer; R. H. Lanner, incumbent, police magistrate; and Cleve Curtright, superintendent of streets.

All candidates in Venice and Nameoki townships were elected on Tuesday without opposition. Although there was no contest in Venice, nearly 5000 votes were cast there. The vote in Nameoki was light, less than 300 being cast.

One of the season's best entertainments, the "Mirth-Quake Minstrels," will be presented by the Young Ladies' Sodality of St. Joseph's Catholic Church at the church Sunday, April 11, with Ruth Gattung as the inter-locutor. End men will be Pauline Hettlinger, Margaret E. Hettlinger, Caroline Plon, Marian Knobbe, Virginia Gattung and Dorothy Osterlind.

The Union and Starbuck Refining Co. is making bids on a large boiler. It will have a capacity of 60,000 pounds of steam per hour and is expected to cost between eight and ninety thousand dollars.

At present the battery of boilers numbers six. Some of the six have been in service for 30 years or more. The plan is to reduce the number of boilers from six to three.

More power will be generated by the three than is now forthcoming from six. The new power will be larger and capable of higher pressure.

Mrs. Oliver Riley, Mrs. Marion Hill, Mrs. S. M. Wilson, Mrs. C. E. Cumpton and Mrs. Fred Fossick were in Pineknobville recently to attend the state meeting of the Baptist Women's Missionary Union.

Members of the Mitchell Missionary Society met in the home of Mrs. Ivan Wood yesterday for an all-day quilting session.

A pot luck dinner was served at noon to Mrs. Lockhart, Mrs. Minnie Curcy, Mrs. Williams, Mrs. J. C. Timmerman, Mrs. Laswell, Mrs. S. J. Williams, Mrs. John Madson, Mrs. J. R. Norris, Mrs. Burt, Mrs. G. E. Gleine, Mrs. Estes, Mrs. Cannon, Mrs. Kibbler and Misses Blanch Madson and Ruth Williams.

Roe Wallies, Lloyd Blumensstock, Richard W. W. Wampler, John Luddon, Walter Latonsky, William Smith, Dr. J. E. Lee, Leonard Schiller, Lawrence Burns, Charles Achors and Frank DeWitt, members of the Venice youth club, were present in regular session Tuesday evening at the Market street hall.

William Howard was in charge of the usual business routine, and a social time was enjoyed during the remainder of the meeting.

### BLAMES SIGN THEFTS ON ELECTION CAMPAIGN

To the Editor:  
 In the campaign for Russell C. Shaver for county superintendent of schools, a number of placards were placed on private property, with the owner's permission, in the county.

During the past week, practically all of these signs have been stolen in the dead of night, evidently on orders. We believe these are the same type of people who will not hesitate to steal your vote in the same way.

"This is stealing to a new low during any campaign." Our advice is, "If they can't stand the heat, stay out of the kitchen."

We suggest that the signs show the machine just how much heat can be generated by such low-down tactics.

Mudge has shown his confidence in open primaries and the voters of Madison county by refusing to build his own political machine. Let us return that confidence.

### HENNESSY SAYS HE IS MORE FAMILIAR THAN HIS Foe WITH AREA'S NEEDS

To the Editor:  
 Endorsement of Mudge for county superintendent is a vote, that is, it is a vote. Between Fields and Mudge is a back-handed way of assisting in re-electing Fields by confusing voters. After soundly defeating Mudge four years ago, Fields would not agree that Mudge is the man to beat.

Mudge ran for re-election with backing of the Madison-Venice and Fields-old levee board machine. Mudge's only chance of fame since is the raiding of a harmless community-sponsored bingame.

Mudge has no idea of the needs of St. Clair county. I campaigned in this area for more than 40 years. I know the area for levee district trustee and worked as an electrician, five or six years ago. I know the area for levee district trustee and worked as an electrician, five or six years ago.

He has been a waste of time and money since he has been in Madison county than he has.

# Meeting Tonight To Discuss GC Drainage

The Bellemore Village Civic Improvement Association is sponsoring a meeting for interested citizens to discuss the city's master sewer and drainage program at 7:30 this evening in Prohardt grade school auditorium. It was announced this week by the president, V. A. Harolan.

The association president, who attended Monday night's council session and invited aldermen to be present, said the civic group's officers have studied the report to the city by the Citizens' Master Sewer & Drainage committee.

SHOWCASE 92 — WGN — SUNDAY 2 to 8 P. M.

# Venice Board Approves Bills, Bond Payment

Payment of monthly bills totaling \$13,695 was approved by the Venice school board at the board office, with the major portion, \$12,623, to be paid from the educational fund. Transportation fund payments amounted to \$314, and the building fund was \$755.

In other action, the board accepted the resignation of Mrs. Lulu Stewart, from the high school faculty, effective at the end of this term, voted to send Supt. John O. Pier to a two-day youth conference at Chicago in May, passed a resolution approving a \$17,261 bond and interest payment, and heard a number of reports from Pier.

Largest single bill approved for payment by the board was \$5045 withholding tax for school faculty members for February, to be paid from the educational fund. In addition, a \$1977 payment to the Illinois Teachers' Retirement system for February was approved.

Payments included \$2050 to the Venice Gas & Oil Co. for fuel and gas. Supt. Pier noted that the electric and water bill which would normally have been included had not yet been received.

# Lunch Fund Bills

Included in educational fund bills was \$1417 to be paid from the school lunch fund. Highest single amount was \$546 to Dress Young Dairy for milk, while payments of \$295 to Edrick Foods, Inc., for food and to J. Rickert for bread were listed. Transportation fund bills included \$184 for employee who held tax, \$47 to the Illinois municipal retirement fund, \$36 to the Community Club Co. for emergency transportation for Lincoln schools, \$86 to the Venice Gas & Oil Co. for gasoline and \$59 to Halston Service for gasoline.

Largest single payment approved from the building fund was for employee withholding taxes, which amounted to \$332. February Illinois municipal retirement fund payment from the building fund was \$193.

Pier read a letter of resignation from Mrs. Stewart, of St. Louis, who joined the Venice faculty as an English, speech and foreign languages teacher last fall. She said she would be unable to accept a new contract because of conditions beyond her control.

# Order To Pay Expenses

The superintendent asked to take two days of his annual vacation May 3-4 to attend the District Conference on Youth at Chicago, saying he would pay his own expenses. The conference is billed as a "meeting of youth services," and is to cover such topics as "Drop-outs," "Employment and Job Training," "Juvenile Court and the Community" and "Community Connections in Correction."

Board Member Leo Davinroy said he could see no reason why Pier should use vacation time and pay his own expenses, and moved that the trip be authorized as official school business. The motion was unanimously approved.

Pier said auditors and inspectors from the state superintendent of public instruction's office have visited the school in recent weeks studying the driver education program, school lunch program and guidance and counseling program, all of which were commended and approved. In a resolution, the board voted to transfer \$17,261 received in the final tax settlement from the bond and interest account to the working cash fund. The transfer will partially repay \$21,544 transferred from the cash fund to the Bonds and Interest account last December for payments on the 1953 bond issue.

# Ask For Election

Following action taken earlier by the Madison and Granite City school boards, the board formally requested Wilbur R. L. Trimpe, county superintendent of schools, to call a special election to choose land commissioners for Venice township. The action is viewed as necessary under state law to distribute approximately \$30,000 in the township treasurer's loanable fund.

The positions of township school trustees and treasurer will be dissolved as of June 30, and the land commissioners will appoint a treasurer to distribute the funds proportionately among Madison, Venice and Granite City school districts.

Basis for distribution will be averaged daily attendance of pupils in grades one through eight living in Venice township. Under this arrangement, Madison will get about two-thirds of the fund, and Venice most of the rest, it was reported.

# Wheat 'Remeasurement' Charge Is Explained

To clear up any possible misunderstanding about the charge wheat farmers will be asked to pay — or at least deposit — this year for remeasurement of their wheat acreage, Edwin C. Redmeyer, chairman, Agricultural Stabilization and Conservation County committee, has issued the following statement:

"The initial measurement of wheat acreage — to determine whether the grower is in compliance with his farm's wheat acreage allotment — will still be done at the same time, as in former years. The change in this year's program procedure is that farmers with excess acres will be asked to pay the cost of determining 'adjusted' acreage. In previous years, similar charges have been made in connection with adjustment of acreages under other commodity programs.

"If a farmer is notified after the initial measurement that his acreage of wheat seeded for harvest as grain is in excess of his farm's wheat allotment (or his individual quota, except acreage in his wheat acreage allotment, or (2) if the acreage remains in excess of his allotment, he has the option of either (1) accepting the acreage figure as correct and proceeding to adjust his acreage, or (2) requesting a remeasurement if he believes that the initial measurement is in error.

"When the acreage is remeasured, the farmer will be asked to make a deposit of \$6.50 to cover the cost of the service. In some cases, this deposit will be refunded to the farmer. "The deposit will be refunded because of an error in the determination (1) if the remeasurement shows the acreage within his wheat acreage allotment, or (2) if the acreage remains in excess of his allotment, but is less than the larger of 3 percent of 5 of an acre."

"The chairman explained that many producers will be found to be within their wheat allotments on the basis of their initial measurements. The adjustment feature of the program actually is a special service which benefits those growers who are not originally found to be in compliance.

# Local 397 Gives Flagpole For Main Fire Station

Bids will be sought by the city for installation of a flagpole at the main fire station, 23rd street and Madison avenue, with the pole being donated to the city by Laborers' Local 397.

Alderman Ford Johnson, chairman of the Fire and Water committee, said at today night's council session the union had offered the flagpole to the city provided it was moved from the present location at the union's headquarters, 20th street and Missouri.

"You don't see many flags in town, and one at the fire station will be seen daily by thousands who travel Madison avenue," Johnson said. His request to seek bids was approved.

# Tax Assistance

Internal Revenue Service personnel will be at the city hall council room in Granite City from 9 a.m. to 4 p.m. Monday and Tuesday to assist taxpayers in preparation of their 1961 income tax returns. Taxpayers are urged to complete as much of the return as possible before calling on the IRS for aid.

## WHAT QUALIFIES A MAN TO BE A GOOD STATE SENATOR?

Should he follow the voice of the people?  
Or the voice of his own political ambitions?

"What the Voice of the People Wanted"

In November of 1960 the voters of Madison County voted 34,337 votes in favor of and 28,837 votes against the state bond issue that meant binding the Southern Illinois University campus to Edwardsville and providing first-rate college tuition to more than 5,000 students in a 50-mile radius, at a cost within the reach of almost every family.

It meant more than \$12,000,000 in construction for the working people of the area.

It was a far-sighted, thoughtful and wise answer by the people of Madison County to the 3 articles in the Saturday Evening Post (15 months later)—"WE WASTE A MILLION KIDS A YEAR."

And What State Representative Simon—Candidate for U.S. Senator—Wanted

The State Representative from this Legislative District, Paul Simon, (who was to become, for a while, candidate for U. S. Senator) and is now a candidate for State Senator in the 47th Senatorial District of Madison, Jersey and Greene Counties, not only voted against SUI, but the House, but when the measure went to the people for approval by referendum, he again vigorously opposed it.

## \$182,000 Federal Grant

# SIU Anti-Delinquency Center To Be In Operation By Fall

An added service for the entire metropolitan area, designed to track down the causes and find solutions to juvenile delinquency problems, is in the process of being started at the East St. Louis Residence Center of Southern Illinois University, the Press-Record was told by Myrl E. Alexander, professor of sociology at SIU.

A federal grant of \$182,000 for an anti-delinquency training center was announced recently by President Kennedy's committee on Juvenile Delinquency and Youth Crime. It was one of the first actions of the new committee, and the grant was awarded within a month after the application was made, Alexander said.

"This will function on both sides of the river, since the river should not become a barrier in the use of federal funds," Alexander said.

The program to be started in the fall, will feature a 16-week course featuring research and clinical tests and actual work

In areas where delinquency occurs. We'll be seeking new methods and we'll have a staff of experts from all parts of the country who will through research devise methods for coping with problems of delinquency and providing guidance for agencies," Alexander said.

Four purposes outlined by Alexander are (1) to train young people for careers in the field at the graduate level; (2) to hold institutes and clinics for persons in the field; (3) to sponsor considerable research in the field; and (4) to provide consulting services.

The speaker is an award winner in the American Institute of Banking. He first spoke about the institute which has 12 districts over the nation. The Granite City area is in the 10th District which comprises 30 states.

The institute is for bank employees and makes available evening classes pertaining to modern banking methods, with emphasis on communications.

The last leads to speech contests all over the country, he explained.

Boyer will participate in the institute's district speech contest this weekend at Cedar Rapids, Ia. If successful, he will go on to the national contest in Atlanta, Ga., in May.

He next spoke about the United Nations aims.

Boyer said the UN aims to save future generations from war and is attempting to remove the causes of war. The Communist nations are attempting to destroy the aims of the UN, he said, and the Korean War at least proved to the world who caused it.

Another UN aim is to create friendly relations among all nations. The ease of travel is a great help in this respect, Boyer said, and the exchange of tourists, students and teachers also has helped accomplish this purpose.

The UN also aims to establish respect for human beings and the individual everywhere, he continued, and although this aim has not yet been accomplished, big gains have been made.

The speaker said the United Nations has so far prevented world war III.

Upon the conclusion of his talk, vice-president Gene Frey thanked him for the club and presented him with a certificate of appreciation.

Salvatore Finazzo, 86, of 2012 Collinsville, avenue, Madison, died at 3:50 p.m. Monday at St. Elizabeth Hospital. He had been ill three weeks and at the hospital three days.

Mr. Finazzo was born in Italy, and had been a Madison resident 40 years. He was a retired railroad car repairman.

A member of St. Mary's Catholic Church, he belonged to the Santa Fara Society of St. Louis.

Surviving Mr. Finazzo are a son, Anthony, of Wyandotte, Mich.; a daughter, Mrs. Fred (Rosalee) Finazzo; two brothers, Mike of Los Angeles and James of St. Louis; 11 grandchildren and 27 great-grandchildren.

Funeral services were conducted this morning at St. Mary's Church, followed by interment in Calvary Cemetery.

## Kiwanians To Visit Edwardsville Club

Granite City Kiwanians are looking forward to attending the Spring Fellowship ladies' night event April 10 at Edwardsville high school. It is an interesting event of Kiwanis clubs of the area, and will be sponsored by the Edwardsville Kiwanis club.

Two visiting Kiwanians from Edwardsville tendered the invitation Monday night at the regular meeting of the local club. They were Erwin Dushman and Frank Davidson.

The local club also hosted another guest, Mike Toudas, a Granite City insurance agent.

The guest speaker was Marvin Boyer, a local bank teller. He was introduced by Vice-President Harry Marshall.

## GCHS Students In State Speech Contest Finals

Young actors and orators from 88 Illinois high schools, including Granite City, have won their way to the finals of the Illinois state high school speech contest tomorrow and Saturday at the University of Illinois.

Prof. Neil F. Garvey, director of the event, announced today that 12 drama casts and 28 debate teams will compete. The GCHS debate team consists of Robert Butler, Carl Johnson, John Spudich and John Miller. Butler also will compete in after-dinner speaking.

A total of 108 pupils—the two top contenders in each field from the six sectional contests—will vie for state honors in the following individual events, extemporaneous speaking, serious reading, original oration, radio speaking, after-dinner speaking, comedy reading and verse reading.

The intensive two-day competition will be climaxed with twin awards assemblies at 1:15 p.m. Saturday. Repeat performances of prize-winning plays will be presented in Gregory Hall, and repeats of winning debates and individual performances in Lincoln Hall Theater.

The state high school speech contest from final are conducted for the Illinois High School Association through the University of Illinois Division of University Extension.

Self-Service Cleaning, Laundry Center To Open

A coin-operated, self-service laundry and dry cleaning establishment, to be known as "Mel's Sunshine Center," will open Saturday in the Plaza shopping center at 2500 Nameoki road, according to the owner and operator, Mel Brueggemann of Belleville.

The center will be open each day from 8 a.m. to 10 p.m., and a hostess will be on duty to assist customers in preparing articles for the laundry and dry cleaning operations.

A complete load of clothing can be dry cleaned in 45 minutes, the owner says.

TIRED OF LEVEE BOARD ABUSES?

Then go to the polls on April 10 and vote for a man who has done something—not talked about it!

During the 1961 session of the legislature when there was much talk about who was going to control the Levee Board, Paul Simon quietly slipped in a bill which will stop the worst excesses of the Levee Board. That bill—which became law—says that after January 1, 1963 the Levee District cannot issue bonds without referendum.

That means that after January 1, 1963 before they can indiscriminately issue bonds, they must prove their case to the people. The result will be tremendous savings for the people of this area.

Paul Simon has had the courage to act, on this and on many other questions. But when you act on questions like this you step on powerful toes. Paul Simon has not hesitated to step on powerful toes in the interests of the people. Now those powerful toes want to kick him out of office.

You can keep him in the legislature—as your State Senator—if you go to the polls on April 10 and ask for a Democratic ballot.

A small vote will be a controlled vote, a machine vote, and Paul Simon will lose.

A large vote will be the people voting, and Paul Simon will win. Make sure you vote!

## Schools Cite Heavy Jill-Nameoki Pupil Traffic

Between 500 and 1000 pupils cross Nameoki road at Jill avenue each day, a study by the Granite City school district has shown. The district is seeking an overpass, underpass or some other method of aiding pedestrian and vehicular safety there when Nameoki road is widened.

Located in the vicinity of the proposed four-lane highway are an 1800-student high school, a 1445-pupil junior high and a 3000-capacity gymnasium. Supt. Harold M. Kaiser has informed G. H. Shannahan, state highway district engineer, School buses turn off the roadway near Jill to enter school property, and the gymnasium is the scene of many athletic events, student activities and civic meetings, he has pointed out.

## Country Day First Tennis Opponent For GCHS Squad

In the eyes of Coach Dick Harmon, tomorrow afternoon's spring tennis opener for the Granite City high school squad will be one of the toughest in the school's history, but an occasion which Harmon is looking forward to, nevertheless.

The Warriors play Country Day in St. Louis county at 4 p.m., and Codasco is annually one of the top court groups on the West side of the Mississippi.

"I'm not too concerned about winning—just hope that we can play some good tennis," Harmon said this week. "We'll be looking for our mistakes and the way to correct them, and you might say I'm looking past Country Day to our matches with Belleville here next week."

The Maroons will furnish GCHS with its first conference competition next Monday at 4 p.m. on the Wilson Park courts. A portion of the Warrior lineup in singles and doubles for tomorrow's matches is set. Senior Tom Moore will be in the No. 3 singles slot, and a challenge round between juniors Mike Barnes and Bill Logan was planned to determine the No. 1 and No. 2 singles lineup.

Harmon has indicated that for the first matches at least, John O'Dell, a junior, and Bob Buente, a senior, will hold down the No. 1 doubles combination. No. 2 doubles is wide open, with at least seven in the running for steady jobs at the two positions. They include sophomores Wayne Hancock, Bill Lancaster and Pete Kirchner,

Louis; and Joseph Robinson, sergeant-at-arms, Madison. Back row — Walter Miller, director, of Madison; Edw. Hendricks, vice-president, East St. Louis; Wilson Delaloye, director, East St. Louis; Joseph Burns, director, Madison; George Lynn, director, Madison, and George Ragdale, harbor master, Granite City.

The three local school superintendents informed the Press-Record this week that they approved the wording of a statement, issued on behalf of them and other superintendents, relating to the county school superintendent election. They are Dr. Harold Kaiser of Granite City, Supt. Wensel Brown of Madison and Supt. John Pien of Venice.

"The Madison county school district superintendents have refrained from entering the political campaign as a group," the statement relates. "However, we feel that as professional people who are in close contact with the county superintendent, we must indicate that the office of county superintendent of schools of Madison county has been conducted in a highly professional and satisfactory manner."

"We find no instances of political favoritism among districts, and are hopeful that this policy will continue. We feel that the office has provided excellent leadership, and honest and efficient service in behalf of our respective districts."

### Liquor Bond Ok'd For Irene Lopez At Octopus

A \$2000 liquor bond for Irene Lopez, 2545 East 25th street, for reopening the Octopus Club tavern, 4088 Nameoki road, was approved Monday night by Granite City council members on the recommendation of Alderman Frank Vesel, who is deputy liquor commissioner for the city.

Mayor Davis said the issuance of the license would not place the city in excess of its tavern quota.

### County Choral Concert In GC Saturday Night

An estimated 800 seventh, eighth and ninth grade students from 13 schools in Madison county will participate in a day-long rehearsal Saturday at the Granite City high school musical gymnasium, scene of the annual county junior high school choral festival. Climax will be a public concert in the gymnasium at 7:30 p.m. Saturday.

Richard Hoffland, head of the department of church music and director of choirs at Millikin University, Decatur, will be guest director.

The welcoming talk at the concert will be by Granite City Supt. Harold Kaiser. Mrs. Pauline Frazier, Coolidge junior high vocal music instructor, will introduce the director.

Flag Ceremony  
The program will begin with presentation of the United States flag, the pledge of allegiance and singing of "America," with the audience participating during the first verse. A mixed chorus formed among the student festival delegates will sing "Music A Link With God" by Robinson. "I Sing Thy Almighty Power of God" by Lovelace and "A Hymn for Thanksgiving" by Williams.

Next will be "O Love, Spring," arranged by Grant Brooks. "The Shepherd" and Rodgers' "I Enjoy Being a Girl" by a girls' chorus. A boys' chorus will present Rodgers' "Climb Every Mountain" and "The Battle of Jericho," arranged by Wilson.

Piano Soloist

Miss Carla Francis, a Coolidge ninth grade student, will play a piano solo, Bach's Minuet in G Minor.

To conclude the concert, the mixed chorus will sing "Oh Yes I Do Believe" by Klein, "Comin' Through the Rye," a Scotch folk tune, "The Ash Grove," which is a Welsh folk song, Shaw's "The Death of Nathan Hale" and "No Man Is An Island," as arranged by Ringwald.

Admission to the concert will be 50 cents for adults and high school students and 25 cents for junior high age and below.

The students will be fed and "housed" at Coolidge junior high school, adjacent to the high school gymnasium.

Local schools participating and their directors are Coolidge, Mrs. Frazier; Freshier junior high, Mrs. Isabel Schmidt; Central junior high, Miss Deloris Cavins; Madison high school (ninth graders), Mrs. Valerie Stevens; and Madison junior high Mrs. Marguerite Comole.

Other schools which will be represented are Bethalto, Wood River high school, Wood River-Hartford, East Alton junior high, Highland, Roxana junior high, Triad and Collinsville's Webster junior high.

### Lutheran Layman Rally Here Sunday Evening

Concordia Lutheran Church, 23rd street and Grand avenue, will be host to a rally and banquet Sunday sponsored by the Lutheran Laymen's League. It will be the local group's first opportunity to serve in this capacity since the completion of the new educational building several weeks ago.

Pastor Arvin Twietmeyer, assisted by View Daniel Teuscher, will conduct the vespers services at 5:45 p.m., and a banquet will be served at 6:30 to representatives from 18 communities.

The program for the evening will be highlighted by an address by State Rep. Paul Simon of Troy, a newspaper owner and publisher at the age of 19, who served as an agent for the U. S. Counter-Intelligence along the Iron Curtain during world war II. In addition to serving as a legislator, he has made four tours abroad, and submitted many articles to national magazines as well as to approximately 300 newspapers throughout Illinois, plus countless speaking engagements.

The Lutheran Laymen's League, a nationwide organization of more than 110,000 members functioning within the Lutheran Church (Missouri Synod), made its beginning in 1917.

William Habekost, local L.L.L. Club chairman, will extend the welcome to the representatives, and a varied musical program will follow. Those from the local area participating will be Lois Medlin, Toni Kay Hunter, Eugene Schlein, Gordon Westerman and Bobby Schuck. Henry Amelung will serve as master of ceremonies.

# VFW Auxiliary Essay Winners Banquet Saturday

Winners of the essay contest sponsored by the VFW Post 1500 Auxiliary for local high school students are to be announced at a banquet Saturday evening at the VFW hall. The contest on the subject, "America, the Beautiful—How Long Without Clean Water?" was entered by 52 students.

The local winner will qualify for state competition to be completed in June at Springfield. State winners will compete for a national award in August at Minneapolis, Minn. Mrs. Christine Ahlers, chairman of the local contest, said the top three winners here will receive medal and trophy awards.

# Realtors To Mark 100th Year Of Homestead Act

Planning for the annual Realtor's Week celebration started here today with the announcement by James C. Cochrane, president of the Granite City Real Estate Board, that Francis Judd will head this year's committee. The annual observance of the National Association of Real Estate Boards, of which the local board is a member, is scheduled for May 20-26.

The 23 realtors in Granite City and Madison will join with thousands of colleagues across the nation for the celebration, which is being held in conjunction with the 100th anniversary of the Homestead Act. Detailed plans are to be made at a board meeting April 16.

"This act is one of the greatest single steps ever taken by a nation to make possible widespread real property ownership," Cochrane said, "and it is fitting that realtors, who have been so instrumental in advancing this principle, should join in the celebration."

Adopted in 1862, "The Homestead Act" made available millions of acres of public land to private ownership and settlement. It was passed by Congress May 20, 1862, and led to one of the most colorful and important eras in the development of this country—the winning of the west and the settlement of a territory equal in extent to Great Britain and France combined.

Realtors and other groups and associations are observing the occasion along with the U. S. Department of Interior.

A special commemorative postcard on May 21, will be issued to mark the centennial.

Realtor Defined

Cochrane said the purpose of Realtor's Week is to make better known to the public the services offered by realtors and to point out the difference between realtors and others in the real estate business.

"Realtors are members of the National Association of Real Estate Boards," he said, "and only they are entitled to use the term. We are subject to the rules and regulations of NAREB, which are passed on to our clients—of local, state and national association."

The term "realtor," Cochrane pointed out, is registered with the U. S. Patent Office, and its exclusive control by NAREB has been upheld by numerous federal and state court decisions. "Today, NAREB ranks as one of the largest trade associations in the country, with a total of 70,000 members in 1418 real estate boards."

# Local Libraries To Join National Observance

Granite City, Madison and Venice will join over 5000 other communities throughout the nation next week in observance of the National Library Week. The Granite City public library is planning a week-long program of special events.

The theme of the week, which culminates a year-around program to promote increased interest in reading and foster greater use and support of the nation's libraries, is "Read and Watch Your World Grow."

"The Granite City library will offer tours, book and record displays, treats for the children and coffee for adults during the week's observance, Monday through Saturday."

Sponsor of the week, now in its fifth year, is the National Book Committee, a non-profit citizen's organization, in cooperation with the American Library Association. Sixty national organizations actively participate in promoting the observance.

"National Library Week's impact throughout the country in past years can be measured in impressive gains in reading of all kinds," said Mrs. Mary Kufinick, Granite City librarian, "in increased library circulation and registration figures, and an upsurge of citizen support for expansion of library services."

New books will be featured in
